

Answer all the questions.

Each question is followed by four options lettered A to D. Find the correct option for each question and shade in pencil on your answer sheet the answer space which bears the same letter as the option you have chosen. Give only one answer to each question. An example is given below.

Tools are oiled after use to

- A. ensure they remain accurate.
- B. prevent them from rusting.
- C. preserve the cutting edges.
- D. maintain their attractiveness.

The correct answer is prevent them from rusting which is lettered B and therefore answer space B would be shaded.

A B C D E

Think carefully before you shade the answer spaces; erase completely any answer you wish to change.

Do all rough work in this question paper.

Now answer the following questions.
